view of the possibility that their  
balloon may be driven towards the  
northern part of the Dominion of

the passengers will require assist-

PAT O'CONNOR DEAD.

One of the Best Known Western  
Turkmen Passes Away at St.  
Boniface Hospital.

Many friends in Qu'Appelle will  
regret to learn of the death of Mr.  
Patrick O'Connor, the well known  
notekeeper, which occurred at St.  
Boniface hospital at 1:30 p.m. on  
Sunday, from complications brought  
on by asthma and heart trouble.  
He entered the hospital about three  
weeks ago and seemed to be gradu-  
ally recovering. So much better  
did he feel a few days ago that in  
opposition to the wishes of his  
friends he went out for a drive;  
unfortunately he was mistaken as  
to the state of his strength and this  
gave him a relapse. On Sunday  
morning a blood vessel near the  
heart burst and he quickly suc-  
cumbed to the effects of hemor-  
rhage. He had the best attendance  
throughout. Drs. Good and Simpson  
having been his physicians.

Mr. O'Connor was in his 48th  
year at the time of his death, hav-  
ing been born in Tecumseh, Ont.,  
in 1849. With his parents before  
he was very old he moved to Water-  
loo, Ont. He was brought up on a  
farm and he continued to work  
with his father until he went into  
the hotel business with his brother  
Daniel in New Hamburg, Ont.,  
where he remained for some years.  
He was also in the hotel business  
at Markham, Ont., before coming  
to Winnipeg in 1881, when the  
boom was in full swing. As was  
the fashion at that period he entered  
the real estate business, unlike the  
majority, however, to come out at  
the right side with a nice little  
fortune as the result of his transac-  
tions. Mr. O'Connor then again  
went in for hotel keeping. He  
had a partnership in the Merchants  
and Grand Union hotels for several  
years, but he is probably best  
known owing to his connection with  
the Nicollet house on Market St.,  
which was looked upon as one of  
the headquarters for racing men  
and all pertaining to sport. He  
retired from business about a year  
ago, but soon afterwards took pos-  
session of the English chop house,  
which was then vacant. During  
his connection with the local racing  
circles, Mr. O'Connor was a frequent  
attender at all race meetings. He  
owned several horses in his time,  
the best known being Dick French,  
in which he had a half interest, and  
a mare known as Minnie.

Mr. O'Connor was married about  
a year ago and leaves a widow,  
four sisters and two brothers to  
mourn his loss. Miss O'Connor  
and Mr. Dan O'Connor, his sister  
and brother, are living in the city  
at present.

Quebec Elections.

The Liberals made a great sweep  
in the Quebec provincial elections  
on Tuesday last. The returns show  
55 Liberals elected and 19 Conser-  
vatives. A Liberal majority of 36  
The educational question was one  
of the principal issues of the cam-

Are you

Public  
Speaker?

If you cannot find anywhere a preparation  
to equal C. C. CHASE'S SYRUP OF LIMEED AND  
TURPENTINE for the throat and respiratory or-  
gans. We have hundreds of testimonials from  
public speakers, singers, ministers and others  
who have used it. "I never think of  
entering my pulpit without Chase's Syrup of  
Limeed and Turpentine at my side." Such in-  
dications from the ministry should give con-  
fidence in Dr. Chase's Medicine.

If you are troubled with such tickling sore  
throat, as common among speakers and  
singers, you will find C. C. CHASE'S SYRUP OF  
LIMEED AND TURPENTINE a positive and per-  
manent cure. Tempting dose, price 25 cents.

## GIRLS.

A Composition by a Small Boy in Division  
No. 2, Qu'Appelle Public School.

Girls are very pretty sometimes.  
They attend to the house. Some  
girls are very proud.

They are very useful to men in  
these ways, making the beds, cook-  
ing the dinner and many other  
things.

When girls get about twenty  
years old they are called ladies.

They have very long hair; when  
they are young they let it hang,  
and when they get old they do it  
up in a big ball.

The girls' names are Ella, Mary,  
Maggie, Minnie, Winnie, Pearl,  
Nora, Lizzie and many more.  
Some girls are very proud and some  
are not.

They are very easily frightened.  
When girls get old they some-  
times get married and have a home  
of their own.

Girls are two-legged animals.  
Girls play French and English,  
pump, pump-pull-away and skip.

Girls wear dresses and boys wear  
pants.

W. C. C. Column.

A Frank Statement.

When any man or any body of  
men engage in a business which  
involves their fellow-men, directly  
or indirectly, an effort is usually  
made to conceal the fact from the  
public, and to keep the victims in  
the dark as much as possible. It  
is a matter of some surprise, then,  
to read the candid remarks made  
by an officer of the Liquor League  
of Ohio, a few weeks ago, at a  
meeting in which the interests of  
the saloon business were being dis-  
cussed. He said: "It will appear  
from these facts, gentlemen, that  
the success of our business is de-  
pendant largely upon the creation  
of appetite for drink. Men who  
drink liquor, like others, will die;  
and if there is no new appetite  
created, our counters will be empty,  
as will be our coffers. Our chil-  
dren will go hungry, or we must  
change our business to that of some  
other more remunerative. The  
open field for the creation of this  
appetite is among the boys. After  
men have grown and their habits  
are formed, they rarely ever change  
in this regard. It will be needless,  
therefore, that this missionary work  
be done among the boys, and I  
make the suggestion, gentlemen,  
that nickles expended in treats to  
the boys now, will return in dollars  
to your tills after the appetite has  
been formed. Above all things,  
create appetite!" This is the bare,  
unvarnished truth, concerning an  
infamous traffic which has for its  
object the ruin of countless young  
lives and the blighting of hundreds  
of happy homes, in order that a  
small class of men engaged in this  
business may grow rich, and that  
their children may live in comfort  
or luxury. It is a cause, however,  
for congratulation that the end  
object of this trade was so frankly  
stated, because it may lead many  
who otherwise might be indifferent  
to consider the evil which they have  
either been countenancing or toler-  
ating. If these have sons or daugh-  
ters growing up around them, it  
may arouse anxiety as to their  
future welfare, and lead them to  
take steps which will tend towards  
lessening and abolishing a traffic  
which destroys souls as well as  
bodies.—Presbyterian Banner.

Remarkable Results.

In Liverpool there is a district  
with two hundred streets, twelve  
thousand houses and sixty thousand  
people, without a public house in  
their midst, owing to the decision  
of the owner thirty years ago that  
no house of the kind should be  
built upon it. The results are re-  
markable, the death rate being only  
one-third or one-fourth of that in  
an adjoining district where public  
houses exist; the poor rates have  
gone down from two shillings and  
sixpence to one shilling and  
sixpence; and the value of house prop-  
erty being thirty percent higher than  
in the district with public houses.  
—Reformed Church Record.

Warehouse Collapses.

Sintuluta, Assa, May 7.—The  
Ogilvie Milling company's grain  
warehouse here burst at 2 o'clock  
p.m. to-day and several thousand  
bushels of No. 1 hard wheat is  
spread out over the ground, some-  
of it in the bottom of a slough near  
the warehouse. Mr. Simpson, of  
the Ogilvie Milling company, is  
having the wheat loaded into box  
cars.

## FORT QU'APPELLE

Weekly Budget of Interesting Items  
From Our Northern  
Neighbor.

(From our own correspondent.)

At a meeting of the board of  
directors of the agricultural society,  
held in the board of trade rooms on  
Saturday last, the terms, as pro-  
posed at a meeting of delegates of  
Indian Head, Qu'Appelle Station  
and Fort Qu'Appelle, were accepted.  
The directors of the Assiniboia Ag-  
ricultural society will therefore meet  
at Fort Qu'Appelle on Saturday  
next at 2 p.m. to make arrange-  
ments for the exhibition to be held  
at the Fort this year.

The farmers' reunion on Thurs-  
day next promises to be one of the  
most successful affairs of the kind  
ever held in the district. Messrs.  
Fetherstonhaugh and Williams are  
doing their utmost to make the ar-  
rangements as satisfactory as pos-  
sible. A really good time is an-  
ticipated. A full report will be  
published in our next issue.

Mr. J. S. Court, who left the  
Fort last December for England  
has returned. Evidently Canada  
cannot be such a bad place after  
all, when those who leave with the  
full determination of not returning  
change their minds in the course  
of a few weeks' time.

Mr. Bocket, late partner of Mr.  
Holles, of Touchwood, who left that  
district for England late last fall,  
has returned. He declares he  
would not live in England for any  
money, and thinks there is no land  
like Canada.

Messrs. Brine & Fetherstonhaugh  
have a good selection of new rigs  
for sale at their stables. We are  
told they have no difficulty in dis-  
posing of them as they are asking  
reasonable prices for them.

Mr. John Nicolls, of Grenfell  
(late Reeve of Fort Qu'Appelle), is  
visiting friends in this district. He  
reports our crops as being more ad-  
vanced than theirs.

Dr. Wales, of Scotland, who is  
visiting the Fort, is quite an expert  
piper, and has enlivened the town  
by playing selections of Scotch airs  
every evening.

Religious instruction is given  
in the public school on Tuesday's  
and Friday's by the clergy of the  
Presbyterian and English churches.

Mr. and Mrs. Johnston, of Bal-  
carres, were in town on Sunday.  
They report the crops as doing well  
in their neighborhood.

Mr. S. C. Elkington has taken  
Lakeside for the summer months  
and intends to thoroughly renovating  
his town residence.

Monday last was branding day  
in the Fort and a considerable  
number of animals were introduced  
to the "scorching."

The lawn tennis club has started  
for the season. The membership,  
we hear, is as numerous as that of  
former years.

It has been decided to hold the  
public school concert in the town  
hall on the 30th of June.

The sports are getting their horses  
ready for the 22nd June.

—Mr. J. B. Hawkes of Balgonie,  
has purchased from W. McMichael  
of that place, the 14 months' old  
bull "King of the West," bred by  
W. L. Wilson, of Galt, Ont. His  
sire, "Blue Ribbon," won first  
prize three years in succession at  
Toronto. "King of the West" is  
pedigreed and registered, and is a  
fine animal.

STILL IN HIS PRIME.

North Hastings' Oldest Inhabitant No. 6  
and history

James Moore, of Parnell, Ont., one  
of the oldest and best known residents  
of Hastings County, can be so be a wea-  
der of health and vigor for his age.  
"Although I am over 84 years of  
age," he says, "I feel as young as ever  
I did."

Mr. Moore, however, had a narrow  
escape from death about a year ago. "I  
was so bad with indigestion," he writes,  
"that the doctors gave me up. I tried  
various alleged remedies but found them  
no good. One day our popular druggist,  
F. C. Humphreys, sent me a sample of Dr.  
Chase's Kidney-Liver Pills to try. The  
result was marvelous. After taking  
two I was able to get up. Then I  
took one for a box. I could now eat any-  
thing. In a short time I was able to  
walk two miles to Macroft and back,  
with ease."

Dr. Chase's Kidney-Liver Pills will  
without fail cure all kidney, liver,  
stomach and blood troubles. For sale  
by all dealers. Price 25 cents. One  
pills does one cost a dose. Edmondson,

—We understand that Weed Inspector Spurling is to keep sharply after the weed nuisance. Anyone knowing of weeds growing in their neighborhood will confer a favor by dropping him a post card, when the matter will be attended to at once.

—While driving out through the Spenceville district last Sunday week, a worthy townsman and his wife drove into a pond of water to refresh their horse, and in turning round took too short a turn and both were thrown into the water. Fortunately it was not very deep, and no other damage than a good wetting resulted. Being of the Methodist persuasion they naturally objected to this form of baptism.

—Mr. Humby, of Touchwood, was in town last week, says the Fort Qu'Appelle correspondent of the Vindicator, and reports great destruction again caused by prairie fires, for which the Indians are blamed. Mr. Geo. Scott's house and stables in the McDonald Hills

—A letter from Mr. Tr-horne Thomas, Southampton, Eng., says he will in all probability pay Indian Head and Qu'Appelle a visit before long on his way to the Kootenay country which he purposes visiting.

**BABY ECZEMA AND SCALD HEAD.**  
Infants and young children are frequently subject to the terrible disorder, and if not promptly arrested it will eventually become chronic. Dr. Chase made a special study of Eczema and disease of the skin, and we can confidently recommend Dr. Chase's Ointment to cure all forms of Eczema. The first application soothes the irritation and puts the little sufferer to rest.

—Mr. McKay, of the Indian Head Experimental farm, in speaking of the best hedge for a garden says: "The closest hedge is the Artemisia Abrotanum which breaks the wind as well in winter or early spring as it does in the summer months. These hedges are started from cuttings and are very fast growers."

—Friday (to-morrow) is Arbor day. There should be a good turn out of the citizens of our town to improve the appearance of their dwelling houses and places of business by the planting of trees. This day has been proclaimed a public holiday by the Lieut.-Governor and should be recognized as such by all.

**PROMINENT BUSINESS MAN OF PETERBORO' CURSED OF ECZEMA.**

Mr. Thos. Gladman, bookkeeper for Adam Hall, Esq., stove and tinware dealer, Peterboro', writes the following facts: "Have been troubled for nine years with Eczema on my leg, and at times the itching was terrible; tried many eminent doctors and was pronounced incurable. I had given up hopes of ever being cured when I was recommended by Mr. Hadli, druggist, to try a box of Chase's Ointment, and I am happy to testify that after using two boxes I am completely cured."

—A movement against the big departmental stores has gathered astonishing headway in Chicago. It started among the small retailers but many of the large merchants handling a single line of goods have come to its support. The Board of Aldermen has passed resolutions endorsing it. ## Life Was a Burden. Four Years of Agony and Misery.

A Marvellous Cure by Paine's  
Celery Compound.

Three Bottles Suffice to Make Mr.  
Finter Well and Strong.

The hopeless, despairing and all who imagine they are lost, because the doctors have failed, should rejoice to know that Paine's Celery Compound fully merits the worst cases, and never fails to restore lost health.

It is no vain or idle boast when the declaration is made that Paine's Celery Compound cures when all other means fail. To-day a grand army of men and women in our own Canada can vouch for the truth of the statement.

As a proof that Paine's Celery Compound cures in the darkest times of disease and misery, we give the testimony of Mr. F. Finter of Ottawa, Ont., who was saved at almost the eleventh hour. He says:

"I consider it a duty to acknowledge the great good that I derived from your valuable remedy, Paine's Celery Compound. For four years I endured terrible agony and misery owing to pains in my head and chest. Life was a burden to me, and no living mortal could describe my sufferings. I was attended by doctors, and used many patent medicines, but no long cure resulted until I used your Paine's Celery Compound. I thank God for the day it was brought to my notice in the Ottawa papers. I have taken three bottles of the medicine, and today I can truly say that I feel like a new man. I feel certain that if the suffering people of Canada would only try Paine's Celery Compound they would be cured. I will recommend the remedy whenever I have the opportunity, as it is the best ever given to suffering."

—In view of the fact that there will be several football and baseball teams here on the 24th inst., it would be well for our local clubs to get a move on. At present there appears to be little interest taken and the consequences will be that the visitors will have soft snaps when they tackle Qu'Appelle players.

—A striking example of filial affection has been shown by a wild goose of the ordinary black-necked species whose mother has been kept as a pet for the past seven years in Mr. W. C. Drinn's farm yard. Two years ago one of her family of five goslings joined a flock of wild ones on their way south. The following spring he returned and spent a couple of weeks with his mother; the other day he returned again for his yearly visit and can be seen walking about the yard with the old lady daily.—Moosemin Spectator.

## Show Them up to the Public.

As the public—particularly the ladies—are so often swayed by professed merchants and dealers, it is well that people should have an example of what is done in the case of certain package dyes for home dyeing.

The makers of common and adulterated package dyes sell their crude colors to the real merchants a stock of four or five packages, and the public who buy these cheap dyes are made to pay ten cents for each. A handsome profit indeed for Mr. Stochever! No wonder he uses every device to sell and substitute his poor dyes for the famous and reliable Diamond Dyes.

The Diamond Dyes, that all live and honorable dealers in Canada handle and sell, cost a good deal more money, yet the public get them for ten cents, which only allows the dealer a fair profit.

But mark the difference, ladies! The cheap dyes are really worthless, and are made for the profit of the manufacturer and the dealer, while Diamond Dyes are made for the profit, pleasure and blessing of every home dyer.

**Quarterly Meeting.**

**ONE HONEST MAN.**

To the publisher:

Please inform your readers that if written confidentially I will mail in a sealed envelope the plan pursued by which I was permanently restored to health and manly strength after years suffering, nervous weakness, lost vigor, urinary discharges, and lack of development.

I have no scheme to extort money from any one. I was robbed and swindled by the quacks until I nearly lost faith in mankind but, thank heaven, I am now well, vigorous and sound, and anxious to make this certain means of cure known to all.

Unquestioned endorsements from my grateful friends who have been cured through my free advice:

Mr. Mulford: "I saw your notice in the paper some time ago, and wrote you about my case. After following your advice, which was kindly given me, I am very glad to say that I am now perfectly cured. I wish to thank you a thousand times for your kindness."

"Heaven grant you a long and prosperous life, is the wish of a cured friend."

"Judge of my surprise to receive a kind letter of so valuable advice, absolutely free."

"It is the first advertisement that I have answered that did not ask me to call at the express office and pay for medicine that I had not ordered."

"I am happy to say that you are truly an honest man, and deserve the endorsement of both public and press."

In conclusion: I have nothing to sell and want no money, but being a firm believer in the universal law of brotherly love, I am desirous of helping the unfortunate to regain their health and happiness. Perfect cure assured. Address with stamp, M. Wm. F. Mulford, Agents, supplies, P. O. Box 50, St. Henry, Missouri, Can.
